TO THE PATIENT: You have the right, as a patient, to be informed about your condition and the recommended surgical, medical or diagnostic procedure to be used so that you may make the decision whether or not to undergo any suggested treatment or procedure after knowing the risks and hazards involved. At this point in your care, no specific treatment plan has been recommended. This consent form is simply an effort to obtain your permission to perform the evaluation necessary to identify the appropriate treatment and/or procedure for any identified condition(s).

This consent provides us with your permission to perform reasonable and necessary medical examinations, testing and treatment. The consent will remain fully effective until it is revoked in writing. You have the right at any time to discontinue services.

You have the right to discuss the treatment plan with your physician about the purpose, potential risks and benefits of any test ordered for you. If you have any concerns regarding any test or treatment recommend by your health care provider, we encourage you to ask questions. I voluntarily request a physician, and/or mid-level provider (nurse practitioner, physician assistant, or clinical nurse specialist), and other health care providers or the designees as deemed necessary, to perform reasonable and necessary medical examination, testing and treatment for the condition which has brought me to seek care at this practice. I understand that if additional testing, invasive or interventional procedures are recommended, I will be asked to read and sign additional consent forms prior to the test(s) or procedure(s).

Disclosure Process and Fee Explanation Letter

Dear Patient:

As a patient, you have a right to copies of your medical information. In addition, medical records are legal documents that must be maintained by Surgical Specialists of Clear Lake. To assure we are doing everything we can to comply with HIPAA rules and protect the privacy of our patients, we have partnered with BACTES, a national Release of Information provider, to assist us with this process.

Under federal and state law, BACTES is allowed to recover certain costs related to making copies of your medical records available to you. The fee we charge is cost-based to include labor, materials and postage as defined by HIPAA and highlighted by the Omnibus Final Rule. How the record is stored and delivered are variable factors affecting the fee.

To minimize this fee, we encourage you to limit your request to just the records that you truly need. *Note that on the attached authorization form, there is an option to select a 2-year abstract plus 5 years of labs, radiology, and diagnostics.* For many patients, this option is sufficient for their purposes and keeps their bill lower than it otherwise would be.

Please fill out the attached authorization form completely and submit via fax or mail.
